A grayscale aerial photograph of a port terminal. In the foreground, a large cargo ship is docked at a quay, with several shipping containers stacked on its deck. Numerous shipping containers are also piled high on the port's land area. Large industrial cranes with long metal booms are positioned along the quay, some with containers suspended from them. A road or walkway runs parallel to the quay, with a few small vehicles visible. In the background, more shipping containers and industrial structures are visible under a clear sky.
